About This Car

I purchased this Cayman S in 2018 with 37000 street miles from a Porsche dealer. I have set it up for moderate HPDE use and added 21000 miles. Modifications include Deep oil pan, Air/Oil Separator, Racing air filter, Power steering cooler, Rennline heel/toe gas pedal, GT# brake master cylinder, Stainless steel brake lines, Recaro racing seats, 6 point Recaro harness and buckles, RSS harness bar. All modifications and service since purchase have been performed by Speedsport Tuning in Danbury CT. Service records available.

Why am I selling? Bought a 981 Cayman GTS.
